

The Leddura 2Meet unlocks a whole new level of amazing possibilities in any workshop, meeting, huddle – or whatever you want to call it – in an instant.

Plug into the thrill of collaboration. With any device. No matter where you are.

PRODUCT INFO LEDDURA 2MEET

- ✓ **Super user-friendly interface**
Even non tech-savvy people can do a fearless presentation.
- ✓ **Share content wirelessly with any device**
Via an app or web-based. Just type in one simple code to unlock the magic of Voila. Secure, reliable, productive.
- ✓ **Fully integrated with Skype for Business or Microsoft Teams**
Want to collaborate with Skype for Business or Microsoft Teams users? No biggie! Video conferencing with colleagues around the world will be a joy!
- ✓ **A rock solid solution**
The Leddura 2Meet is based on a modular platform. We call it BRIX. So, whenever your needs change, the touchscreen can grow with you. Futureproof it is!
- ✓ **Compatible with BARCO Clickshare**
Enjoy all the perks of BARCO Clickshare and multiply them with the ease of working with the Leddura 2Meet.
- ✓ **Top-notch JBL® Live Stage (Virtual) Surround Sound**
The integrated 80 W JBL® speakers deliver Live-stage (virtual) Surround sound. Unlike anything else you've ever experienced at work!

Meet the collaboration hub of everything

The Leddura 2Meet is a cutting edge all-in-one touchscreen that ushers in the end of the pointless-business-meeting era. Wireless content sharing. Whiteboarding. Video conferencing with Skype for Business or Microsoft Teams. Booking a meeting room. Everything you need for an effective meeting in one interactive whiteboard. Can you handle this catalyst for collaboration?
